Clifton Strengths: Harmony, Intellection, Relator, Analytical, Futuristic

SUMMARY

I'm a **Computer Science** and **Data Science** student. I'm detail-oriented and have a strong work ethic. I'm interested in working for a company where I can learn and make meaningful contributions. My main interests are **Software Engineering** and **Machine Learning**, but I'm open to working in and learning about almost any field.

EXPERIENCE

Software Engineering Intern - Hudl, Lincoln NE

May 2025 – Present

- **Developed and deployed features** for web and mobile using React, React Native, and TypeScript
