Clifton Strengths: Harmony, Intellection, Relator, Analytical, Futuristic

SUMMARY

I'm a **Computer Science** and **Data Science** student. I am **detail-oriented** and have a **strong work ethic**. I love to push myself and exceed the expectations set for me. I'm interested in working for a company where I can learn and contribute meaningfully. I'm especially interested in **Software Engineering** and **Machine Learning**, but I am open to working in and learning about almost any field.
